Tognazzini's

Dockside

Restaurant and Fish Market

Welcome aboard Tognazzini's Dockside Restaurant and Tognazzini's Dockside Too, our fresh fish market with patio dining located just out the back door of the restaurant. We opened the restaurant in April 2004, and the fish market in May 2006. As long time residents of Morro Bay, we are proud to be a "local secret." Mark was born and raised here and has been an active commercial fisherman for over 35 years. Bonnie recently retired from the local sheriff's department with over 20 years of service. We want your experience at "DOCKSIDE" to include not only great fish and food, but great service as well.

We believe in and support our local fishing community! Whenever possible our seafood is from the West Coast. Our salmon is always Wild King Salmon, our Albacore Tuna only hook-and-line caught. Our crab is always Dungeness crab, which we believe is the finest Pacific crab available. Some of our seafood is F.A.S. (Frozen At Sea); freezing immediately upon harvest can be a superior method of handling some seafood. Season restraints, ocean conditions, and availability sometimes force us to go beyond the West Coast in pursuit of premium seafood, but we require staff to be familiar with the origins of all we offer, so please feel free to ask. We often will be able to tell you the name of the Captain, and vessel, which harvested our weekly specials.

In the matter of weekly specials, we have an e-mail service to advise customers of these special offerings, which might include Swordfish, Sea Bass, Petrale Sole, Rockfish, or Blue Fin Tuna, to name a few; if you wish to receive these free mailings, simply sign the guest book at the counter, and include your e-mail address. (We won't distribute or use your e-mail address for any other purpose.)

Although we lean heavily on the bounties of the sea, our other dishes include ingredients chosen because of their quality, and location of origin. We are equally proud of them.

*Thank You,
Mark, Bonnie, Leah and Marc*
